Refundable Security Deposit

1. Why do I need to pay a \$100 refundable security deposit?

We ask customers to secure their account to ensure that we will have the resources available to continue providing reliable service to all customers. Unlike most other businesses, we provide credit limit upfront and bill our customers after they have used our services. This billing and deposit practices promote fairness by ensuring that all customers pay for the fuel they use so that all our customers can continuously enjoy the preferential discount.

2. When will be the security deposit deducted?

The security deposit will reflect on your first bill and will be deducted from your registered payment mode when fleet card(s) is issued.

3. How do I get back my refundable \$100 security deposit?

Your security deposit will be refunded as soon as all outstanding and final charges due to ABECHA have been settled.

4. Can the deposit used to offset outstanding amount / penalty charge?

No, the refundable security deposit will not be used to offset any outstanding payments.
